

MORNINGTON GREEN

Legacy Gardens

Mornington Green is a botanical garden that reimagines how we celebrate life

Join us in transforming this former golf course into a beautifully landscaped Legacy Garden, where you and your family can watch memories grow.

Planting a Legacy

One day we won't be able to be there for the ones we love. When that day comes your family and friends can find comfort under the tree you planted together, to feel connected to you, when they need you the most. In these gardens, your ashes will be carefully treated and infused into a tree of your choice to live on for generations to come.

3 Steps to Create Your Living Legacy

Choose your Living Legacy **Tree** and **location**.

Watch your Living Legacy Tree **grow**.

Your loved ones **return** to **commemorate** your **life** in a beautiful **familiar** environment.

Discover the Perfect Tree

Spring

REDBUD

Loving and refreshing, the infamous Redbud captivates its admirers with its blossoming pea-like deep pink flowers.

Size: S
Infusions: 1

FLOWERING APPLE

Loving and poetic, the Flowering Apple displays delicate, fragrant, double-pink flowers towards the end of Spring.

Size: M
Infusions: 2

Summer

JACARANDA

Wise, idealistic and lucky, Jacarandas display clusters of delicate purple bell-shaped flowers during the late Summer.

Size: XL
Infusions: 6

CREPE MYRTLE

Creative and passionate, Crepe Myrtles boast your choice of beautiful white, pink or purple clusters of flowers throughout the Summer.

Size: S-XL
Infusions: 1-6

Autumn

SWEET GUM

Optimistic and strong, the Sweet Gum features distinguishable lobed-leaves that turn brilliant shades of purples, reds, and oranges during Autumn.

Size: XL
Infusions: 6

GINKGO

Tenacious and hopeful, the Ginkgo displays fan-shaped leaves turned beautiful hues of gold throughout Autumn.

Size: M
Infusions: 2

Winter

GOLDEN WATTLE

Honest, vivacious, and resilient, the iconic Golden Wattle stands out with its clusters of sweet, fluffy yellow flowers.

Size: S
Infusions: 1

KAURI

Confident and strong, the Queensland Kauri towers high above the surrounding landscape, captivating all with its molting smooth bark.

Size: XXL
Infusions: 8

The Living Legacy Tree you plant helps create a rich immersive garden experience. We plant advanced trees, between 1 and 2 metres tall.

Spring

FLOWERING PEAR

Hopeful and resilient, the Ornamental Pear boasts delicate clusters of white flowers during Spring.

Size: M
Infusions: 2

TULIP MAGNOLIA

Wise and compassionate, the elegant Tulip Magnolia displays beautiful goblet-shaped deep-purple flowers during the early Spring.

Size: L
Infusions: 4

Summer

RED FLOWERING GUM

Ambitious and strong, the Red Flowering Gum provides an intense show of red flowers that bloom throughout the Summer.

Size: XL
Infusions: 6

FLAME TREE

Charismatic and passionate, the Illawarra Flame Tree displays fiery-red bell-shaped flowers during the early Summer.

Size: XL
Infusions: 6

Autumn

JAPANESE MAPLE

Peaceful and bold, the Maple boasts elegantly cut leaves that turn a brilliant bright crimson during the Autumn.

Size: L
Infusions: 4

OAK TREE

Noble, strong, and intuitive, the Oak puts on a show throughout the Autumn as its lobed leaves turn gorgeous reds and yellows.

Size: XL
Infusions: 6

Winter

FLOWERING YELLOW GUM

Loyal and passionate, Flowering Yellow Gum boasts beautiful scarlet flowers during the Winter.

Size: M
Infusions: 2

WHITE MAGNOLIA

Graceful and dignified, the White Magnolia reveals delicate goblet-shaped ivory flowers early in the Winter.

Size: L
Infusions: 4

Watch Your Living Legacy Tree Grow

You, your friends and family are welcome to visit the gardens at any time of the year during opening hours. Our wish is to become a place where new traditions and memories are made.

Whether you would like to arrange a high-tea or lunch, grab a hamper and head for a picnic by your tree, or simply walk around the garden.

Create the Ideal Experience

You get to choose the experience that is right for you and your family. Whether you prefer a small gathering or a larger group, our team will lovingly tailor your ceremony to your needs.

Your family will become a part of this unique experience that will honour both the life you lived and the thriving ecosystem you contributed to.

For Jonathan, the thought of his children being welcomed by hundreds of flowering trees while visiting his cherry blossom tree on his birthday gave him enormous comfort.

“I just love thinking of my kids laughing and sharing stories under the flowery roof of hundreds of cherry blossom trees.”

JONATHAN T.

“*The thought of planning our funerals was daunting and we wanted to ease the burden for our loved ones. So when we discovered choosing a tree in this beautiful location where we can spend precious family time, the decision was so easy.*

MARGARET & PAUL D.

The Best Time to Plant is Now

Becoming a tree at Mornington Green Legacy Gardens helps to save the planet and save thousands compared to the cost of a traditional funeral.

Pre-planning relieves the burden

- Planning in advance reduces emotional and financial stress down the track
- Pre-planting allows you to enjoy growing your Legacy Tree with your family by your side

Choose the legacy you want to leave

- Ensure that your life contributes to the growth of Mother Earth
- Give your loved ones a beautiful place to visit and enjoy

Book a Tour of the Gardens

You are invited to tour Mornington Green Legacy Gardens with your family. Take a peaceful stroll and let your feet sink into the lush green grass. You can discover your perfect Living Legacy Tree, and choose the perfect place for it to grow.

Your Impact

For every Living Legacy Tree planted at Mornington Green Legacy Gardens, an additional 200 trees will be planted (100 locally in Australia, and 100 planted globally).

Your forest footprint will double the amount of air you breathe in your lifetime, ensuring that you leave a positive impact on Mother Earth.

PLANT TREES | SAVE LIVES

Soil Science

Scattering ashes is an idea that many of us find appealing. But did you know that human ash has the same pH as bleach and very high levels of salt?

When scattered, untreated ashes impair the plant's ability to grow and cause irreparable damage.

Using the patented Living Legacy Ash Treatment, we are able to detoxify the ash and restore the essential soil biology.

By transforming the ash, we assist the soil and the tree in exchanging energy and creating new life.

Our Living Legacy Tree Packages

Starting from \$5,500+GST

Prices do vary depending on size and location. Please speak to one of our friendly Legacy Planners today to find the right package for you.

Future Vision

The vision for the Legacy Gardens is for a collection of groves connected by spacious pathways and lawns, with feature accent trees dotted in-between.

Each grove is made up of a single signature species, with trees selected for their beauty, climatic suitability, and longevity within a perfectly serene landscape. This design offers families deeply immersive experiences as they bask under a canopy of blossoming flowers or autumn leaves.

Our dedicated tree-care team uses the most advanced horticultural techniques and best practice forest planting processes to ensure Legacy Trees thrive.
